

Inspiring Creativity and Innovation

From A.C.E. Learning and Performance Solutions

Program Goal

Harnessing employee talent and creativity is an important component to management and leadership success. Study after study has supported the notion that the ability to identify and tap into this often overlooked arena can be the difference between good and great, or a winning and losing team.

This program assists managers in uncovering and developing the creativity and natural talents of their direct reports as well as finding ways to utilize employee innovation for the benefit of the organization.

Learning Outcomes

As a result of attending this workshop participants will be able to:

- Eliminate factors that constrain creativity.
- Build a work culture that inspires creativity.
- Tap into natural talents and abilities in direct reports.
- Energize people to work from personal inspiration.
